3. Our Merits & Strengths

- Professional quality of services provided by a highly motivated team.
- Skilled Manpower
- Latest techniques & machines
- Expertise & Professionalism
- Unique Solutions
- Creative work
- Customer confidence and trust.
- Prompt & Efficient Back support
- Production of high quality products with quality control.
- Use of High quality raw materials.
- Use of Latest technology /high quality tools & equipment

BAHRAIN POLYMERS & STEEL FACTORY W.L.L **(KINGDOM OF BAHRAIN)**

4. Our Services

Established in 2000, **BAHRAIN POLYMERS & STEEL FACTORY W.L.L** in Bahrain & later in Dubai have renowned name in the field of steel & Stainless Steel fabrications. Ever since inception, Bahrain Polymers & Steel factory W.L.L has been delivering high quality Steel and Stainless steel projects to Owners, General Contractors and Developers in the Kingdom of Bahrain and in UAE.

The company manufactures a wide range of quality Stainless Steel and Steel fabrications that are used for various constructions, architectural and interior decoration purposes including Stainless Steel Railing systems/ Handrails with Balustrades. We also do Building cladding, Green wall system (Vine support) , Electronic Advertisement Sign Boards etc and various types of metal Fire Rated Doors for Industrial, Commercial, Residential & Government projects.

Our well-equipped facilities and excellent quality control throughout all stages of production enable us to guarantee total customer satisfaction. Quality and credibility have always been the objective that we pursue, and customers are given priority all the times.

We manufacture our products in our own factory under the supervision of highly skilled and experienced professionals in order to produce high quality finished products. Good quality, high technology, and fine management are our company's core competitive power.

The company has a sound infrastructure and production facilities. We use modern techniques and machines for welding, Water jet Cutting which enable us to complete our projects in the stipulated time. With our continued investments in the latest technologies and machinery we are able to offer our customers competitive prices and a speedy turnaround.

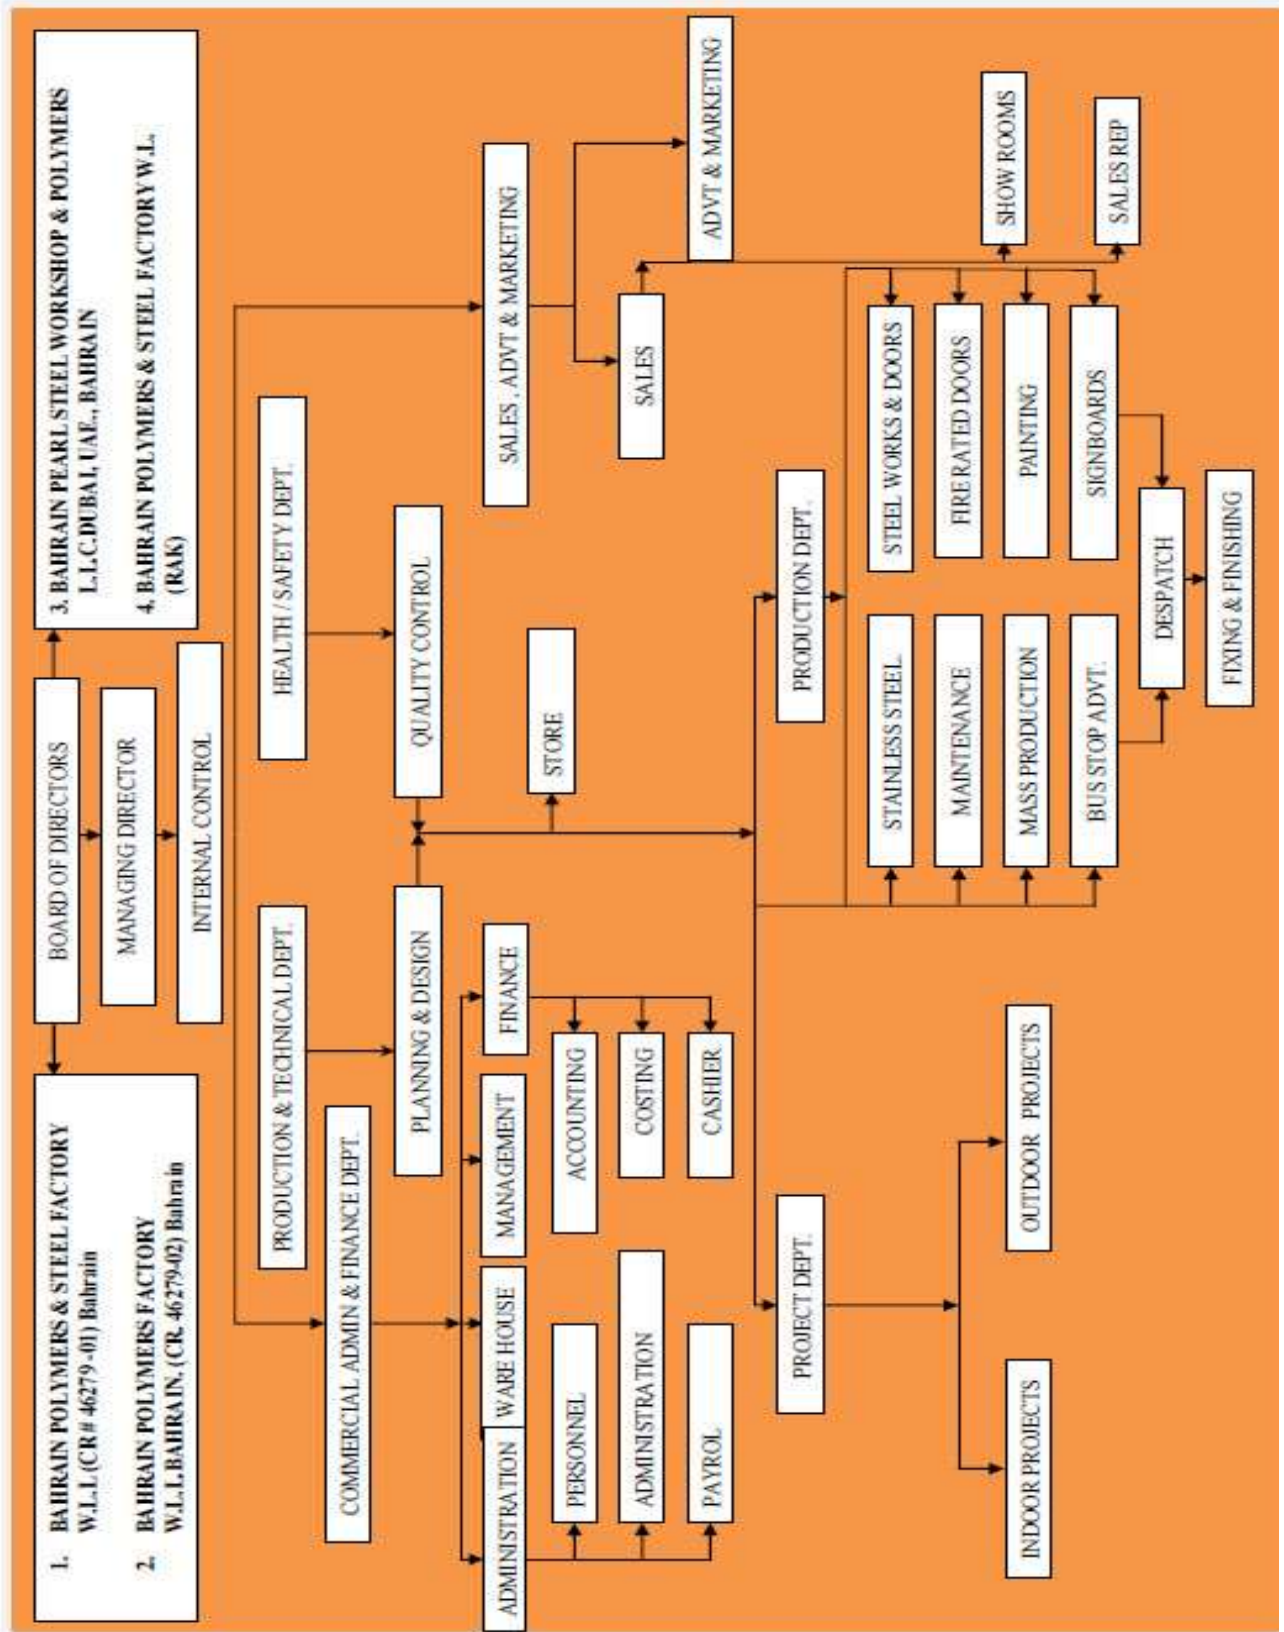

We have competent manpower to ensure the best possible service and attention to our customers.

Over the years of valuable experience in participating major projects & extensive In-house manufacturing facilities, we became one of the leading fabricators of Steel & Stainless Steel in the Kingdom of Bahrain

Re: Glass Doors Fire Certification Letter Report
Guardian #: B31205

Dear Mr. Mohammed:

Guardian Fire Testing Laboratories, Inc. approves the labeling of the Forester Profiles with Pilkington Glass fire doors. Bahrain Polymers Factory W.L.L. and Bahrain Pearl Steel Workshop & Polymers L.L.C. can fabricate and install these glass doors any where including Bahrain and the United Arab Emirates.

Guardian, in connection with the glass fire doors, has reviewed and found satisfactory the following test reports and documentation:

1. Underwriters Laboratories web page for Pilkington Pyrostop Glass in Forsters Glass Door System for a 30-minute and a 60-minute fire rating within the UL 10B Test Procedure for Technical Glass Products of Kirkland, Washington, U.S.A..
2. ZAG Building Physics Fire Laboratory of Slovakia Fire Resistance Test for Fire Doors #P0517/05-530-3 of Forster Fuego Light E160 according to SIST en 1634-1:2000.

Sincerely

R. Joseph Pearson
Fire Testing Engineer
